## PRESIDENT'S MESSAGE

by Peggy Radmer, WFMC President

I attended the North Central Regional days and the Junior Composers Institute concert in Minneapolis. I invited Cathy Paquette to attend and together we renewed acquaintances and made new ones. It was a successful conference. At JCI we met many very talented students putting a lot of effort into their music. JCI is sponsored by the North Central Region.

If you have students who are interested to attend, next year's JCI will be held at Augsburg college during the week of July 5-11. The emphasis in 2009 will be vocal arranging and composing and several exciting guests are already booked.

There will be an addition of a teacher workshop on the afternoon of Saturday, July 11. Teachers will receive hands-on instruction and practice designed to assist them as they help their students create mu-

sic. Details will appear in the new JCI brochure available in early winter, or via the JCI web site, [www.juniorcomposer.org](http://www.juniorcomposer.org). Anyone who'd like a copy of the brochure should contact Karen Bourne at [kjbourne@cableone.net](mailto:kjbourne@cableone.net).

There is a concern that JCI is not financially self sufficient and that the educational staff is donating a large amount of their time. To assist JCI, I would urge you to please consider them as a candidate for charitable contributions.

I also attended the NFMC national convention in Denver in August. While there, I attended every possible meeting that I could as either an active participant or as quiet attendee.

I attended the Finance meeting. Dr. Keck precipitated her talk with the fact that there were no secrets about NFMC finances. She went on to give figures indicating to me

that the NFMC has very impressive endowments. When I attended this meeting I asked if any dues would be increased. Dr. Keck said that "at that time there were no plans to increase the dues." Later at the General meeting, the by-law changes were voted upon to remove dues from the by-laws. Saturday the executive board raised the Senior Individual Membership dues from \$20.00 to \$50.00 -- a 150% increase. This affects 25% of our WFMC membership. A new senior club, WISC, has been formed for these members.

For the past decade or two, WFMC has paid \$0.50 to national for each student performance at Federation Festival. It is a little-known fact that the treasurer has been paying this amount to national. We have been sending around \$2400 each year.

National approved the development of a national web-based computerized database which will cost approximately \$180,000. At this time it is in the concept and design stage and is not expected to be ready until January of 2011. The development of the database will be funded by a fee charged for every student performance at Federation

Festival. Beginning this year, the current \$0.50 fee has been raised to \$2.00. This increases the WFMC's assessment by a projected \$7200, making the total close to \$10,000 annually.

At this time WFMC will look into seeing if it can absorb this increase without passing it on to the students.

I also attended the Awards and Scholarships meeting. Several individuals complained that the requirements were too complicated and difficult to understand. Dr. Keck said, "It would take a year to organize these." He also stated that National has a lot of money to award and more people should apply for these awards.

Please save Saturday, May 30, 2009 for attending the WFMC State convention.

The convention will be at the Ambassador Hotel. There is free parking and the cost is set at just \$15.00. This includes lunch and a tour of the Pabst Mansion as well as music interludes.

## LAKE COUNTRY MUSIC CLUB

### BIENNIAL AUDITIONS

Marlene Cook, Chairperson, WFMC Biennial Student/Collegiate Auditions

The NFMC Biennial Student/Collegiate Auditions will be taking place in 2009. These auditions are open to college students, ages 19-26. Applications are due by January 15, 2009, and the auditions will be by CD.

There are three levels of auditions: state, regional, and national. First place winners in state and regional levels advance to nationals. We are fortunate in the state of Wisconsin to have money available for first place awards of \$1000 and second place awards of \$750 in each of thirteen classifications (for example, piano, violin, orchestral winds, man's voice, etc.). First place national winners re-

ceive \$1200. Posters and fliers have been sent to approximately fifty Wisconsin colleges and universities about these auditions. If any of you have a student or a former student who might be interested in these auditions, please have him/her visit the NFMC web-site ([www.nfmc-music.org](http://www.nfmc-music.org)) for more information. The web-site contains general information, rules, fees, applications and required repertoire. There have not been many applicants from Wisconsin in the past, and I am trying to encourage teachers to contact students and former students about this competition. If you have any questions or can recommend a student, please feel free to contact me at 414-964-5829 or at [marbcook@aol.com](mailto:marbcook@aol.com).

## REPORT FROM NFMC FALL SESSION AUGUST 4-10, 2008

Jeanne Kish - NFMC Junior Division Chairman

The NFMC Fall Board Meeting in Denver during August 2008 was a very productive session for the Junior Division. Please read the following information that pertains to changes in Junior Division programs:

### 1. The following proposal for changes to the gold cup plan for the Junior Composers Contest was approved at the Junior Division meeting held on August 7, 2008:

Entrants in Junior Class I would continue to receive 5 points for a Superior rating, entrants in Junior Class II will receive 6 points for a superior, those entering Class III will receive 7 points and entrants in Class IV will receive 8 points. Junior Class IV compositions must have at least two instruments arranged in the composition in order to obtain 8 points for a superior (voice can count as one instrument). If the student's composition does not have at least two instruments 7 points will be given for a superior rating.

A picture displaying all sizes of gold cups is available on the NFMC web site.

### 2. Naming of Festivals

The festivals will continue to be called Federation Festivals rather than Junior Festivals to reflect the inclusion of the Adult area of participation.

### 3. Festival Age Requirement

The new ruling on festival age is that entrants

must not have reached the age of 19 prior to June 30th of the festival year. For example, in the 2009 festivals entrants may not reach the age of 19 before June 30, 2009.

### 4. Mary Alice Cox Award

An additional \$400 will be added to this award. The increases will be as follows: 1st place – \$1,100, 2nd place – \$800, 5 Regional Awards – \$350 each.

### 5. Theory Tests

The practice theory tests and answer keys for 2009 will be computerized and available on the NFMC web site. The goal is to have all theory tests computerized by 2010.

### 6. Junior Rating Sheet Certificates

To create more interest, additional ribbons will be added to the certificates. Please see Joan Stanisha's article for more detailed information.

### 7. Ad in Clavier & Keyboard Companion

There is a newly designed ad that has been prepared for insertion in Clavier and Keyboard Companion Magazines.

Junior Festival posters are available from NFMC headquarters for \$2.00 each. This is a wonderful way to promote the Junior Festivals in your area.

### 8. New Piano Award

Work is continuing on the new Piano Award that will initially be awarded in the odd-numbered years. Details will be presented in Orlando at the 2009 NFMC Convention. The goal is to launch this award in 2011.

Consecutive superiors will be consistent with the options described in the Gold Cup section of the Festival Bulletin. For example, if a student is allowed to alternate between events such as concerto and solo in high school, between Lynn Freeman Olson and Piano Solo, or between duets and trios for gold cup points, then these situations would also be recognized as legitimate progressions for consecutive superiors.

A national Festival Management Database

and Web Application was adopted along with an increase in the NFMC Festival Fee to \$2.00 per event entry with \$1.50 of that fee designated for web application development, implementation and maintenance.

Of course, all of the events and musical interludes were outstanding. The tour of Denver included an excursion to Red Rocks Amphitheater and high tea at the Brown Palace Hotel, which

was absolutely elegant. We enjoyed a performance of past and present young artist winners, Dr. Andrew Cooperstock, pianist and the wonderful baritone voice of Jesse Blumberg. And of course, once again, the Ellis duo piano team of Stephen Varney and Naomi Sanchez delighted us with their performance.

Saturday was Juniors and Jazz day with the infusion of youth! 94 juniors with 93 parents/teachers interacted enthusiastically with performances and activities. The highlight of the day was the performance at the President's Banquet by the Colorado Children's Chorus.

Lana Bailey, NFMC President, was outstanding in her leadership, organization and graciousness throughout the fall session.

Future NFMC Conventions and Fall Sessions are as follows:

June 1-7, 2009 In Orlando, Florida; August 3-8, 2010 in Pittsburgh, PA; June 2011 in Virginia-exact dates and place to be announced.
